Hi Paul,

The traffic control report authorizing the parking restriction change on both sides of Vicksburg between 98th St and Century Blvd will be completed this week and the work order will be released to our Yard for this change. I will forward you, Laurie & Omar a copy of this report. Just to confirm, DOT is recommending uniform parking restrictions on both sides of Vicksburg Av so the existing parking restrictions will be modified to "2 Hr Parking 8 AM to Midnight, Daily" & "Tow Away No Parking 2 AM to 6 AM, Nightly".

Let me know if you have any questions.

Sincerely,

Hi Paul,

Thank you for this information. I am still waiting for Ray Lau of our Meter Planning Section to respond to me before our office can proceed with the change of parking restrictions on this street. I will remind him to do so.

Thank you Mohammad. All parties are on board now for 2am-6am restrictions on both sides, and along the whole block. I met with Mr. Mora who agreed to this restriction and asked that we revisit it in the unlikely case there is an ongoing noise problem that results, which is reasonable to me. Please advise that this can proceed.

Ps would be great if taxis and car services would not be allowed to park at these meters. I know Laurie and Omar have not gained traction with this request, but I wonder if you may know how it could be done?

Hi Paul,

I was just talking to Laurie about the proposed parking restrictions on Vicksburg Av. I wanted to clarify what I indicated in my last email. When we post an overnight parking restriction in a neighborhood, the restriction needs to be uniform to avoid confusion and better enforcement. We cannot have two different overnight parking restrictions on one block. Also, since this is a parking meter zone and only one block long (between 98th St and Century Blvd), the time-limit parking restriction also needs to be uniform, so the businesses need to agree on same parking restrictions on both sides of the street before we can proceed with our investigation.

Hi Laurie,

Since Vicksburg Av between 98th St and Century Bl has parking meters, I am not sure if parking meters need to be modified with the change in 2-hr parking restrictions so I copied Ray Lau and Richard Chu of our Meter Planning Section to review and comment. Also, I would prefer that we maintain uniform parking restrictions on both sides of the street. "No Parking 11 PM to 6 AM", and "2-hr Parking 8 AM to 11 PM" are non-standard DOT parking restrictions and signs need to be fabricated by our Sign Shop and also every time that we need to maintain these signs, the signs need to be fabricated again. Please consider the posting of "No Parking 2 AM to 6 AM, Nightly" and "2 Hr Parking 8 AM to 12 Midnight, Daily" on both sides of Vicksburg Av between 98th St and Century Bl. These are standard DOT signs.

Currently, the parking is restricted to

b. 2 Hour Parking from 8:00 AM - Midnight daily.
